NPS

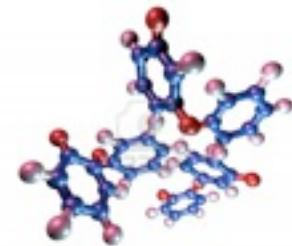

NPS – new psychoactive substances: main features

1. Synthetic nature (% >), but also vegetables (% <)
2. Powerful, very toxic and dangerous
3. Main effects and damage the nervous system and psyche, but also on the heart and other organs
4. Large number (over 1000) with variations easily obtainable
5. Easy to find, sold "camouflaged" on the

NPS – new psychoactive substances: main features

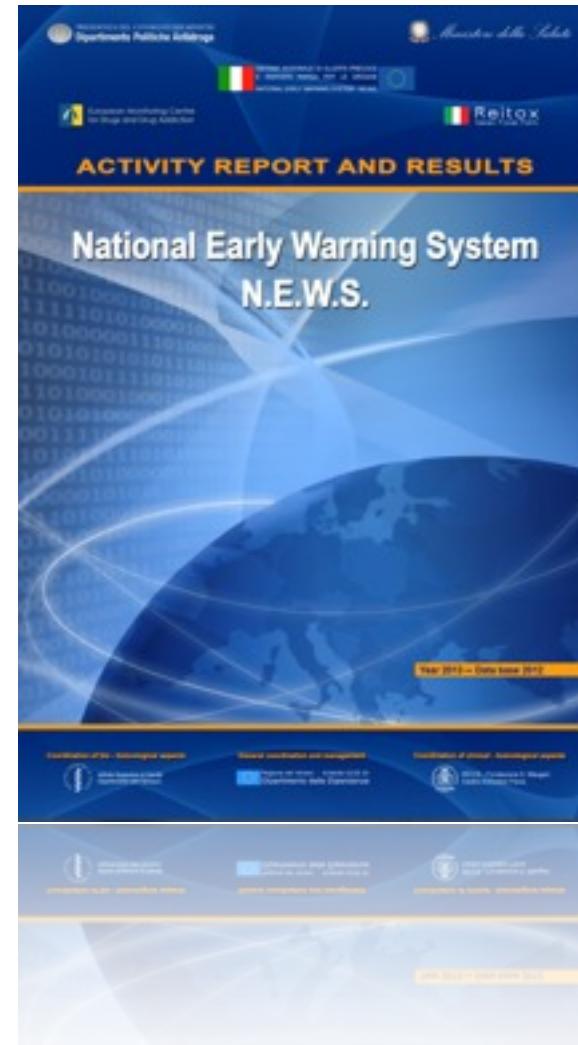

6. Underwriters by 15-55 aa, often unaware of the actual content (mix undeclared)
7. Difficult to identify laboratory and diagnosis in emergencies
8. In many countries have not yet made illegal
9. In rapid international spread
10. Managed by new criminal organizations

More than 300 molecules detected (2009-2013)

SISTEMA NAZIONALE DI ALLERTA PRECOCE
NATIONAL EARLY WARNING SYSTEM - N.E.W.S.

- 89 cannabinoidi sintetici
- 42 catinoni sintetici
- 68 fenetilamine
- 6 ketamina e analoghi
- 5 piperazine
- 9 triptamine
- 8 azepane-like
- 3 PCP-like
- 3 fentanili
- altre molecole di varia natura

FORM FEEDBACK

The screenshot shows the homepage of the **China RC lab** website. The header features the logo "chinaRClab.com" and the tagline "The best wholesale prices". It includes a search bar, language selection (English, Italian, German), and navigation links for Home, For Distributors, Sitemap, Contact, and Your Account. A welcome message "Benvenuti, (User)" is displayed. The main content area has a blue background with laboratory glassware and red pills. On the left, a sidebar titled "CATEGORIE" lists "Synthetic cannabinoids" and "Research chemicals", with "Research chemicals" currently selected. A "CARRELLO" (Cart) section shows "Nuovi prodotti" and shipping information: "Spedizione" \$0.00 and "Totale" \$0.00. To the right, a section titled "PRODOTTI IN VETRINA" displays three products with chemical structures and names: "25B-NBOMe" (\$650.00), "25C-NBOMe" (\$750.00), and "25I-NBOMe" (\$650.00). The footer contains a search bar, language selection, and a copyright notice: "Copyright © 2014 China RC lab. All rights reserved. P.IVA 03830140462 - Via XX Settembre, 10 - 20121 MILANO - Italy".

About Us.

Rcsyn Laboratory Co.,Ltd was established in 2009 and is professional for developing and producing Research Chemicals. With the support from experienced chemists who has strong background for medical technology, Rcsyn will innovates its technique and technology constantly, to meet the customers' demand either for grams level synthesized in the lab or bulk quantity level

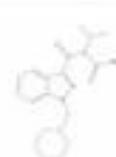

produced in factory. We export our products to USA, Russia, UK, Germany, Spain, Portugal, Romania, Turkey etc, we will continuously supply our customers with high quality materials as well as safe&fast delivery, creating a high efficient working for each other and establish long term business relationship.

The image shows the front cover of a booklet titled 'New Drugs'. The cover is divided into two main sections: an orange vertical bar on the left and a blue horizontal section on the right. The orange bar features the word 'PROGRAMMA' vertically. The blue section contains a chemical structure of a substituted benzene ring, the title 'New Drugs', the subtitle 'UPDATE SULLE NUOVE SOSTANZE PSICOATTIVE - NSP', and the text 'Aggiornamento tecnico scientifico e strategia nazionale di intervento 2013'. It also includes a photograph of a scientist in a lab and some laboratory glassware.
